

Dear Sir, Mr. Kaelf Dave Noguerra,

I am writing to inform you that I will be unable to attend class today, **November 25, 2024**, as I have been diagnosed with **chickenpox**. Since the condition is highly contagious, I am concerned about the risk of spreading it to others.

I kindly request your understanding and assistance in providing any materials such as quizzes or assignments that I may miss.

Thank you for your consideration.

Sincerely,
Jane Rose T. Dela Cruz
BSIT 3A – 1

This is currently the state of my chickenpox disease. I have multiple blisters on my face, as shown in the picture. I also have them on my chest, back, and other parts of my body. Please consider my excuse letter, as I'm really not capable of attending any outside activities such as school, dance practice, and others, as I'm afraid that other people will get infected.
